28.

Please enquire what action the Dep't Com has taken to carry out the above order regarding the recovery of the debt due from Sowcar Vizianna -

2. Please note that the Plague Dept has rented from the Sowcar 36 of these huts at 1½ R per hut per month, for as long a period as Govt may require.

X Vide my remarks on Pl. Com's letter of 13 Sept 98.

3. If Viranna has abandoned the weaving enterprise, the value of the huts, as security for the Govt mortgage debt will rapidly deteriorate. Hence the necessity for Govt action to realize the debt.

Pending action by means of the auction already ordered, the Dy Comr shd have the property duly taken care of, & prevent doors &c or materials on site being stolen, & shd get Viranna to take other necessary steps. Viranna should the Govt to employ watchmen, and should employ the necessary number of watchmen to guard the property and to maintain the property in due repair. He may be permitted to utilize any roofs realized by him for keeping watchmen, for repairing the. Roofs only to utilized shd be handed over to the Govt & Govt towards the instalment in arrears.

Order

~~In the letter dated above the Dy Coll of Jaffna values at Rs 34,400, the 165 houses & 3 shops &c~~

The property mortgaged to Govt by Sowcar Viramma is estimated by the Dy Coll at Rs 36,400 as follows;-

165 houses & 3 shops - (some of which have not yet been roofed in)	34,400
Building materials at site.	2,000
	36,400.

The above estimate does not include the land which was a free grant from the Govt. for the purpose of the weaving industry.

The balance of Sowcar Viramma's mortgage debt is Rs 52,000 together with interest from 1st July 1895.

The Dy Comm. reports that the mortgaged property if sold by public auction is not likely to realize the balance due to Govt, and Sowcar Viramma himself begs that the property may not be sold but may be taken over by Govt in full discharge of his debt. He at the same time also asks that the Govt may be pleased to advance him some of the money due to Govt to enable him to carry on the industry.

That the Govt. may be pleased to cancel

the entire debt, takes over in liquidation thereof the whole of the mortgaged property, with the exception of 17 houses which he prays may be given to him, to vacate or without any such exception that the Govt. be unable decline to give him the 17 houses he asks for.

In the opinion of the Govt the Dept. Comm's Valuation of the property at Rs 35,400 is very liberal one. By accepting this property in full discharge of the debt of Rs 52,000, the Govt will be granting the Sowcar the very large remission of Rs 15,600, besides foregoing the whole of the interest on the Amounts advanced to him — The Sowcars prayer for a further Concession in the shape of giving him 17 of the houses is most unreasonable and cannot be granted —

When the Dewan was at Mysore recently he offered to Viranna was offered, in the presence of the Dept. Comm, to allow him full value of the property, as fixed, that is what the property actually cost him according to his own accounts, but Viranna pleaded he was unable to produce any accounts ~~of the alleged~~ in support of his claim ~~to accept~~

It is probable that Viranna has suffered some loss, owing to his inability to recover the advances he made to the tenants he imported from time to time. ~~It is~~ But the Govt cannot

must look to the Govt for recouping him for the loss.
Can he be allowed to transfer to the Govt
~~allowed him to Recover himself for the loss by~~
~~transferring to the transferring to Govt the only~~ a portion of the
mortgaged property, at a Valuation far above
its original Cost to him ~~or could~~ as well as above its present ~~market~~
Value in the Market.

Under such Circ^{s} the Govt direct that the
Entire property, including the houses & Shops (both
roofed & unroofed), ~~the clothing~~ the materials at
site, and the whole of the land belonging to
the Insurance Lines, be taken over in full
discharge of the debt due by Virasawmy.
The Dep^{y} Com^{r} will at once ~~Cause the execution~~
~~of the necessary documents to give full effect~~
~~to the above order by Coy Virasawmy and to~~
~~return the Power~~ to the

'obtain a proper conveyance of the Entire property to the Govt & to Cause the Same to be duly regd.

~~Rent of Shops~~

The unroofed houses & Shops shall be roofed with thatch put upon them, & the ~~necessary~~ repairs to necessary to the Walls of the buildings shall be at once Carried out, ~~by the Dep^{y} Govt~~

The blocks required for purposes of the Plague admin^{n} shall be set apart for that purpose — The Dep^{y} Com^{r} will in his discretion allow present tenants to Continue on ~~part~~ reasonable rents. Any other Blocks ~~may be~~ shall be leased for monthly rents to persons ~~who~~ wishing to occupy ~~tenants~~ them, taking due precautions against the importation of infection by such the tenants.

All transactions shall be entered in a separate account. "Mgyne Insurance Lines".

The rents from the Plague Dept and from private tenants shall be separately ~~accounted for~~ Credited to this account. ~~of "Mgyne Insurance Lines", which shall be charged with Rs 5,000 as the price paid for them~~
It shall be charged with Rs 5,000 the price

I agree with draft order proposed by the Dewan. I am also in favour of the recommendation made in the first part of para 8 of Govt letter dated 31st Dec 98 that Mr Brandis should bring a few colony of weavers from Salem and other places to encourage the industry. Although famine stricken areas have interfered with the progress & success of the measure hitherto, in the near future, the settlement will thrive and prove a great advantage to the town & the province when the full amount of Govt borrowing is expended.

mortgage was valued by one Engr
at Rs 61967 thus valuing materials lying
at the site, Rs 3915 - on all Rs 65882 -
Then, the Vicarage first declared it
as valued at Rs 36400. The land which
was made a free gift by - in consider-
ation of which Vicarage first burnt
& constructed expensive - & also the
reserved without any compensation -
The man then reported Effect Rs 8000 -
The Officer was retained, when he reported
Effect, - on 1st Aug 1896 Rs. 10 - that a mortgage
deed for Rs 60000 was all from Vicarage,
that the Vicarage lines were worth
more than the 60000 Rs advanced
& past - I cannot understand. Then
the other Engr valued the property
in 1896 at Rs 65882 whereas the present
value is stated to be only Rs. 36400
There is some thing wrong in the
two valuations. However it cannot
be denied that Vicarage had
sustained a very great loss - all
to promote the object & part of
enhancing Income to a very useful
weaving industry - I think the Govt
ought to show him some consideration.
He has made large advances towards

which he a month hence. The
recommendation of
Italian Parliament Returns, fee
of church, nine shares, in block 69,
if sanctioned, would enable him
to recoup his advances. Should — the
added concession may I think be
granted —

7. 1. 99

The enterprise must
be deemed a failure
& the proposal to take
away. what remains
tangible of the old
security & to waive
the debtor of this
liability must be
regarded as very
fair and unimpeachable
I agree with. In fact
it was directed that
Veranna should be
regarded as simply
the man in possession
the whole of the houses
containing the property
of Sons with the whole
debt was paid -
The latter condition was
not fulfilled and
the former direction

must be given effect
The Govt states in as
the proposition - The
re-conveyance is
however necessary
& this has been ordered
to be obtained..

With regard to the
valuation there is
a serious abuse of res
ponsibility somewhere
Two yrs ago the houses
are said wh[illegible] when
valued at 65000 -
34000 now for the same
is regarded as neglibeal
by the Dewan - What
is the cause of this
great fluctuation?
Not the plague or
famine - I hope
that the Dewan
will be blessed to
institute a full
enquiry into this
matter - The chief
Govt surveyor should
be asked - Indeed.
I mine the Dewan
to do this unless satis
factory explanations
are forthcoming which
however I fail to see
in the record.

The Devan himself has noted in one place that the prospect of the rise of value of their houses is an uncertain future will the Dep. Commissioner their houses in better condition & with greater care than Veeranna who says that several doors & windows were stolen.

I am not responsible that the property will not soon deteriorate the sooner it is disposed of the better

15. The orders recorded by the Dewan in para 14 above having been communicated to the Deputy Accountant in Govt Progs No. 1778-80 of Q. 7.112-92 of 28th July 1893, the latter reported in his letter No. 696 of 18th Dec. 1893 that as personally instructed by the Dewan on the representation of Sowcar Viriama the Sum of Rs. 8000 referred to above was not taken into account in making the usual advance of 75 p.c on valuation of the work done by the Sowcar but was reserved for adjustment on the close of the transaction as originally proposed, & that a Sum of Rs. 32,541 had up to then been advanced to the Sowcar towards the 75 p.c of value of work executed by him. 16. With his letter No 962 dy 14th March 1895, the Dy Commr submitted for orders the Petition of Sowcar Veeranna asking for extension of time for completing the 200 houses which he undertook to build in the Weaver lines, and reported as follows:-

As per condition 2 of the agreement executed by the Sowcar under Govt Pro: no. 5770-1/15.7 dy 30-6-92, he should have completed 200 houses by the end of Decr 1893, and under condition 4, he should have executed a deed of mortgage for the whole amount of advance repayable in 10 annual instalments with interest at 4½ pc. per annum from 1st July 1894. Upto 14th March 1895, the Sowcar had been given an advance of Rs. 54,348 including the Special advance of Rs. 8000 referred to in para 15 above, and as per report

× P. no. 21

× P. no. 6

dated 20th Decr. 1894 of the Ex: Engr. Mysore Division, 105 houses had been completed, 53 houses were approaching completion, and 42 houses still remained to be built, and the valuation of the work done up to that date amounted to Rs. 60,854. The Dy Commr further stated that the existing houses were an ample security for the loan advanced to the Sowcar, that the construction of the remaining houses would only enhance the value of the security + that there was no risk in granting the extension of time applied for. At the same time, he pointed out that Govt was losing interest on the advance + suggested that if Govt be not disposed to grant further time, the Sowcar might be directed to complete the 38 houses

under construction & then stop the work & execute at once a deed of mortgage for the total amount of advance drawn by him.

17. In Govt Progs No 16188-9 R 7.112-92 P no. 23. dated 2d April 1895, the following orders were issued:—

"The Ex: Engineer estimates the outlay on the whole of these 158 houses at Rs 69,854 but when the houses nearly completed are fully completed, the total value of these 158 houses may be taken (as originally estimated at Rs. 450/- per house) & amount to Rs. 71,100. The Dy Commr is authorized to transfer to the Sowcar formal possession of the 158 houses which have been built on his executing a mortgage deed on the terms originally agreed upon. The mortgage deed should be for Rs. 54,348 on the security of the 158 houses already built or approaching completion. &

the grounds belonging to the Same and of the building Sites assigned to the Sowcar for weavers' houses, Shops and other buildings and of Such houses, Shops and other buildings as may come into existence hereafter. The Govt will not compel the Sowcar to build more than the 158 houses already built or approaching completion, but if others are built, the Govt Should have a lien upon them for their mortgage. The interest on the mortgage debt of Rs. 54.348 * Should be 4½ p.c per annum as originally agreed upon and the annual payment may be fixed at Rs. 5434 So as to discharge the principal and interest in 13.5.8 years unless the Dy Commr upon the application of the Sowcar or on his own motion is able to recommend for Govt Sanction Some better arrangement for the repayment of the principal and interest.—

The Comptr was requested to verify the figures and adjust his accounts with Such verification and these orders, reporting Such adjust-ment for the information of Govt.

18. With reference to the above orders, the Dy Commr reported that the Sowcar represented as follows:—

(1) That he undertook the business under the orders of H.H. the late Maharaja who promised to render all necessary help;

(2) That he completed 168 houses with the ad-vances made to him by Govt and Rs. 40,000 of his own;

(3) That Subsequent to the measurement taken by the P.W.D, he further executed work to the extent of Rs. 10,000;

(4) That under the circum-stances, the loan already granted to him may be

× No. 1340 of 29.5.95 — P. no. 24.

raised to Rs. 60,000 repayable in fifteen equal annual instalments without any interest. & the houses in the weaver lines be exempted from paying any moha-turfa tax for this period;

(5) That if the Govt be not disposed to show him the Concessions promised as they were by H.H. the late Maharaja, the whole Concern may be taken over by Govt after paying him the Sum of Rs. 40,000 spent out of his own pocket.

19. Thereupon, the following orders were conveyed in Govt Proc. No. 2365-6 of G.T. 112-92. dt 19th June 1895. —

The Dy Commr. should obtain from the Ex: Engineer a valuation of the 168 houses, and, if it exceeded Rs. 60854 by Rs. 5,000 or more, advance to the Salukar such amount as might be necessary to —

(8) P. no 26.

raise the loan to Rs. 60,000 and obtain from him a Mortgage deed for that amount on the terms prescribed in Govt order No. 16188-9 dy R.7.112-92 2d April 1895. Subject, however to the following modifications:—

Firstly. The Mortgage deed should have effect from 1st July 1895.

Secondly. The loan should be treated as carrying no interest till 30th June 1898, but towards the principal of it Rs. 4,000 should be paid on 30th June in 1896, 1897 and 1898, leaving a balance of principal of Rs. 48,000 on 1st July 1898; &

Thirdly. - This balance of principal should carry interest at 4 Per cent from 1st July 1898 and be repayable by 13 annual payments of Rs. 4800 each & a 14th payment of Rs. 96; these 14 payments to be made on the 30th June of each year, the

first of such payments being made on 30th June 1899 and the last payment of only Rs. 96 on 30th June 1912. The Concession of exemption from the Mohatarfa loom tax was extended till 30th June 1898 -

The Comptr was requested to report if the figures given in the Concluding para of the orders of 2d April 1895 were Correct according to his books -

Letter No. 1504 of 26.6.95
P. No. 27.

20. With reference to the above orders, the Dy Commr reported that the Salukar was unwilling to execute a bond on the terms above laid down, & ~~that he~~ represented that owing to the considerableness of the work undertaken by him, he was unable to pay interest on the loan, which should be exempted, that the Mohatarfa house & loom taxes may not be levied on the houses

& the looms therein set up till at least the debt was fully liquidated, & that if the amount already advanced to him (Rs. 53640) be raised to Rs. 60,000, he would repay the loan at Rs. 4,000 per annum from 1st July 1895. & that if the Concession asked for be not granted. the value of the houses built by him minus the amount already advanced, may be paid to him.

21. In their Progs No. 219 of 8th July 1895, Govt observed that they had no intention of in any way altering the terms as fixed by the orders of 19th June 1895 & directed the Dyleoum&c not to pay any further Sum of money to the Salukars but to retain full control over, and possession of, all houses, looms and materials therein, pending the orders of Govt as to their disposal. ⊗ P. no. 35

that as per report of the Ex.
Engineer of 27th January 96.
the value of the houses built
by the Sahukar amounted
only to Rs. 61,967 + ~~the~~ of
materials on the Site to
Rs. 3915, & that the Sahukar
represented that the value
of the materials should
also be taken into account
in addition to the value of
the houses & the advance

& P. no. 43

26. In his Petition dated
29th June 1898, Salukar
Viranna represented that

the weavers to whom he
had advanced money
had run away thereby
subjecting him to loss,
that his income was
insufficient to maintain
the weavers & supply
them with materials
such as silk, lace &c.,
& that he was therefore
unable to pay further
the annual instalment
of Rs. 4000 towards the
liquidation of the loan
of Rs. 60,000, and requested
that in final adjustment
of the debt, the Govt
might take possession
of the mortgaged property
except the houses on the
line to the north & that
in so doing the sum of
Rs. 8000 repaid by him should
be taken into account.

Thereupon the Dewan
passed the following orders:—

Order -

Petr requests that the Govt may take over the ~~mortgage~~ mortgaged property ~~in lieu of the~~ in liquidation of the mortgage debt due by him, and that for the sum of Rs 8000 paid by him in part payment and for the difference between the Cost ~~price~~ of the houses and the 75% ~~thereof~~ such Cost advanced to him on mortgage, the houses on the Kotte may be left to him. This request is unreasonable and cannot be complied with.

The Petr has failed to pay Rs 4000 due on 30 June 1898 ~~as~~ the 3rd instalment, and his offer is to surrender ~~the~~ ~~portion~~ a portion of the mortgaged property in ~~full~~ liquidation of the balance of mortgage debt. ~~due from him to Govt.~~ This balance (after deducting Rs 8000 the 1st & 2nd instalments paid by him) now amounts to ~~is~~ Rs 52,000 and ~~this Court~~ it carries interest at 4% per annum from 1st July 1898.

The Dy Comm. will at once send for Sowcar Viranna and explain to him that the Govt ~~cannot take over the houses at the~~ do not wish to purchase the houses ~~at~~ in the manner proposed by him, but that they are willing to allow the houses ~~of Kotte~~ to be sold at once by public auction ~~through~~ before the Dy Comm or an officer

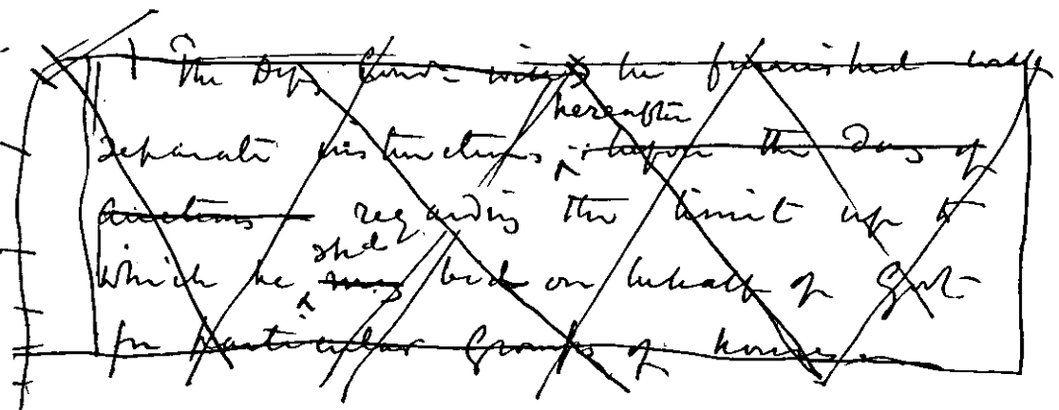
deputed by him

and to credit the prices realized at such auction towards the liquidation of the debt.

~~The Petr. shd pay to the Govt any balance of the debt not realized, while on the other hand~~ If the Entire debt & interest has realized by Selling only some of the houses, the other houses will not of Course be brought for Sale but will be restored to him ~~relieved of Petr from~~ all Encumbrance.

~~to issue~~ The Dept Court is requested to give immediate effect to the above order.

The Dept Court will take care that at the auction as above the full amount of the mortgage debt is realized - With this object he will be authorized by the Govt to bid on behalf of the Govt for particular Groups of houses, up to a limit to be hereafter fixed - He is requested to submit Confidentially his recommendations as to the maximum price the Govt may reasonably offer for each group, together with an accurate map showing the shape & bounds of adjoining lands included in the mortgage.



The Dept. Court will be furnished with
separate instructions hereafter
regarding the limit up to
which he shd bid on behalf of Govt

It must be distinctly understood that the object of the Govt in directing the Sale as above is to realize the mortgage debt & not to acquire the houses - Viraswamy has abandoned the Enterprise & ~~undertaken the mortgage property~~ if immediate steps are not taken to dispose of the ~~houses~~ property, its value will rapidly deteriorate - Viraswamy surrenders the property ~~on certain Conditions; which the Govt~~

to Govt on his own valuation. The Govt cannot take the property on his valuation but agrees to foreclose the mortgage by means of an auction Sale as above ~~mentioned~~ — If at the auction the property sells for more than the Mortgage debt, the Govt need not step in to buy any portion of it, and ~~any balance~~ any balance of the price realized, after paying therefrom the mortgage debt shall be paid to Viramma — On the other hand any portion of the mortgage debt not realized by the Sale of the whole of the property shall be reserved for separate adjustment between the Govt & Viramma.

Agreed above.
9-9-98.

The above orders were communicated to the Deputy Commr in Government Proceedings No 2122 & R.781-95 of 12th Septr 1898 In continuation of this, the Dewan passed the following further orders, which were Com-municated to the Deputy Commissioner in Govt. Proceedings No 2788 R.781.95 dated 5th October 1898.- P. no. 45 P. no 47.

Please enquire what action the Dy Commr has taken to carry out the above orders regarding the recovery of the debt due from Sowcar Vivanna

Please note that the Plague Deptt has rented from the Sowcar 36 of these huts at 1½ R per hut per month for as long a period as Govt may require. vide my remarks on R. Comrs

letter dt 13 Septr 98.

If Veerama has abandoned the weaving enterprize, the value of the huts, as security for the Govt mortgage debt will rapidly deteriorate. Hence the necessity for early action to realize the debt. Pending action by means of the auction already ordered, the Dy Commr should have the property duly taken care of, should prevent doors &ca or materials on site being stolen, and should get Viranna to employ the necessary number of watchmen to guard the property & to maintain the property in due repair. He may be permitted to utilize any rents realized by him, for paying watchmen, for repairs &ca. Rents not so utilized should be handed over to the Govt and

credited towards the instalment in arrear.

29. With reference to the foregoing orders, the Dy Commr reported as follows:- Letter No. 499 & 30.11.98 P.No.49

(1) There are 124 houses with roofs & 41 without roofs. Besides these, there are 3 Shops without roofs - Out- of 124 houses, 34 are occupied by weavers & 3 by other classes & the former are carrying on their industry with 70 looms, and 7 houses are used by 30 Stipendiary boys for learning the industry & they keep 14 machines of which 12 are at work -

(2) The Plague Deptt has rented 86 houses from the Sowcar at 1½ rupee each per month.

(3) All the houses (~~roofed~~ with & without roofs) except those occupied together with the available materials on Site have been taken charge of & arrangements made for their being duly taken ~~care~~ care of. The rent payable

to Sivanna by the Plague Deptt will be utilized for repairing the buildings & for paying watchmen & the unutilized balance will be credited to Govt towards the instalment in arrear.

(4) The Sale of the houses by public auction will not at present be attended with Satisfactory results as, owing to the isolated Situation of the lines, proper prices are not likely to be realized at the auction.

(5) The average value of each completed house may be estimated at Rs. 250, ~~of~~ of each incomplete house at Rs. 80, and of the 3 shops together at Rs. 120. Thus, the total value of all the buildings will amount to Rs. 34,400 & of the materials on Site to Rs. 2,000/. These with the Sites and grounds attached to the lines may be regarded as Sufficient Security for the debt due to Govt by the Sowcars. He prays the at

as he is, owing to straitened circumstances, unable to keep up the industry and continue to pay the instalments due to Govt, two blocks of houses may be left to him & the rest of the property taken over by Govt in full liquidation of the loan; So that he may maintain the industry to some extent and recover, as far as possible, the advance made by him to the Weavers —

In Conclusion the Dy Commr recommended that in consideration of the Sowcar having paid Rs. 2,000 towards the liquidation of his debt & incurred heavy expenses in endeavouring to establish the industry, he might be granted one block consisting of 9 houses & the rest of the property accepted in full discharge of his debt, & that if this could not be done, the whole of the property might be taken over & Viranna relieved of all liability in connection with the debt due to Govt.

30. In Govt. Progs. No. 4968-9 R 7.81-95 dated 23d January 1899 it was observed that according to the Dy Commrs estimation the value of 165 houses + 3 Shops (roofed + unroofed) + of the building materials at Site (excluding the land which was a free grant from the Govt for the purpose of the weaving industry) amounted to Rs. 36,400. which was a very liberal valuation, that by accepting this property in full discharge of the debt due to Govt (60,000 Rs − 8,000 Rs) = 52,000 Rs, the Govt would be granting the Salukar a very large remission of Rs. 15,600 besides foregoing the whole of the interest on the amount advanced to him, + that the Salukar's prayer for a still further Concession in the Shape of giving him 1/7 of the houses. was most unreasonable + could not be granted. It was

therefore directed —

(1) that the entire property including the houses & Shops (both roofed and unroofed), materials at Site & the whole of the land belonging to the Weavers lines be taken over in full discharge of the debt due by Virama;

(2) that the Dy Commr. should obtain a proper Conveyance of the entire property to the Govt & cause the same to be duly registered;

(3) that the unroofed houses & shops should have thatched roofs put upon them & the repairs necessary to the whole of the buildings should be carried out at once;

(4) that the blocks required for purposes of the Plague administration should be set apart for that purpose; the Dy Commr. should, in his discretion, allow present tenants to continue on reasonable rents, & other blocks should be

leased for monthly rents to persons wishing to occupy them taking due precaution against the possible importation of infection by such tenants;

(5) that all transactions should be entered in a separate account "Mysore Weaver Lines", the rents from the Plague Deptt: & from private tenants should be separately credited to this account, it should be charged with Rs. 52,000 the price paid for the property & with any sums expended in the repair & improvements above directed, and proper care-takers should be employed, their pay being charged to this account; &

(6) that the entire property should be sold by blocks, when there arises a demand therefor, & that the Dy Comm^r should not miss suitable opportunities for the sale of the property.

31. A copy of the above orders was sent* to the Chief Engr & he was requested to enquire and report how the houses of the Weaver lines were before valued at Rs. 60,000 odd by the Ex: Engineer & his Subordinates, while their present value is only Rs. 36,400 as reported by the Dy Commr. and to ask the Supt. Engr, Western Circle, to inspect some of the houses & make a rough estimate of cost & forward the same for the information of Govt—

32. With his letter no. 714 dt 11th Feb: 1899, the Dy Commr. submitted a copy of the deed of Conveyance for Rs. 52,000 obtained from Sahukar Viranna in respect of the entire property in the Weaver lines —.

P. no 59

We anew lines was Sanctioned in Govt Proc: No 6989-90 Q7.81-95 dated 7th April 1899.

34. With reference to para 31 Supra, the Chief Engr- forwards a copy of the report from Supt. Engr. Eastern circle, who reports as follows:—

Letter no. 3098 Dy no. 6.99 P. no. 61

In 1892, Sowcar Veiamma commenced building these lines. In August of the same year, by which time 10 houses had been built, Mr- Lee, Sanitary Engr- prepared a valuation statement therefor + forwarded the same to the Dy Commr- with a recommendation to advance Rs. 10,000 to Veiamma, if the Dy Commr- had no objection to do so, and a lump sum of Rs. 450/- was fixed as the cost of the construction of a house.

& P. no. 15— In Govt Proc. No 16260-2 Q.7.112-92 & 1st April 1893. it was ordered that Veiamma might be

advanced $\frac{3}{4}$ths of the value
of 200 houses at Rs. 450 each,
provided the houses to be built (viz. 166)
of the same standard as the 34
houses already built - Ac-
-cordingly the Dy Leoumr. ad-
-vanced money to Virama
from time to time on work
done for which he used to
obtain bills from the D.P.W.
allowing Rs. 450/- for each
Completed house and a
fraction of Rs. 450 for each
incomplete house according
to progress made. This very
simple method of preparing
bills was introduced by Mr.
Lee and was continued to
the last, as the work was
not strictly a D.P.W. work
~~the~~ amount to be paid on
bills was only a loan. The
bills were being prepared
in the late Special Improve-
-ment Dn as long as it ~~was~~
existed and afterwards in
the Nipone Dn. The last
bill was prepared in Jany 1896
in the Nipone Dn.

In the valuation Statement now prepared by the present Ex: Engineer of Allipore detailed measurements have been taken of two of the houses and total cost of the completed houses calculated therefrom. In the case of incomplete houses some approximate reductions have been made to obtain their value. The present method, though better than the previous, cannot be regarded as giving correct valuation, because all the houses are not exactly alike and in the case of incomplete houses the valuation made is rough. To obtain correct valuation it is necessary to measure each and every house but this would involve immense labor and trouble. —

The Supt. Engr. further States that he inspected the lines recently in Company with the Ex: Engr. and the

Sub Assistant Engr. that prepared the present valuation Statement; that on checking wood work he noticed a small error, that he further noticed that flat arches over doors & windows had been omitted by the Sub: Astt. Engr., & that some of the rates were less than those allowed in Mr. Lee's estimate accepted by Govt., that in the case of brick-flooring (a new item) the rate allowed was very high, & that on making the necessary corrections as per Mr. Lee's rates, except for wood work & Slabs for which the rates reduced have been as the work done does not deserve the Estimate rates (2-12-0 and 0-4-0 respectively), Rs. 54,413 have been obtained as the total valuation & the lines against Rs. 46,575 made out by the Ex. Engr., on the assumption that the measurements are correct.

He adds that the valuation will come to Rs. 59,500 if Mr. Lee's rates are allowed also for wood work & Slabs, and to Rs. 60,000 if Veeramā's Statement that some of the doors, windows and Slabs were Stolen before the present valuation was made, is true, & that although the old valuation cannot be said to be wrong if calculated at Mr. Lee's rates, Still the buildings, as they now Stand, are not worth more than Rs. 42,000, and that they have fast deteriorated owing to inferior materials and workmanship.

ABSTRACT

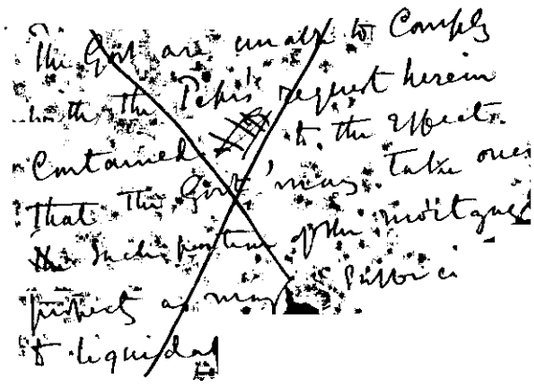
States that he had mortgaged the houses built by him for the weavers, in Chamaraja Mohalla Mysore, to Govt for the loan taken from Govt: that according to the terms agreed upon he paid towards the loan for two years at the rate of Rs 4000 per annum; that by the death of His late Highness the weavers whom the petitioner had secured by paying advances became discouraged & began to go over to Lopi subjects thereby putting the petitioner to loss. That all the

earnings of the petitioner put together is insufficient to maintain the weavers & for the supply of materials of viz:- Silk, lace etc:- for the work that under the circumstances he is unable to pay to Govt: Rs 4000/- towards the loan; that the loan he had received from the Govt: was 75% of the total cost incurred by the petitioner in constructing houses for the weavers-



Prays that the Govt: may take possession of the houses leaving those on the northern side to the petitioner that he may be given himself and ~~paying back~~ the 8000/- Rs received from him towards the adjustment of the loan & the balance 25% thereof out of the loan originally withheld by Govt:-

Petitioner proposes the above as an arrangement for the final Settlement of the loan account

deducting Rs. 8000 already paid by him.

Mortgaged property except the houses on the line to the north.

Order thereon:—

Petitioner Viramachari requests that the Govt may take over the mortgaged pro-

-perty in liquidation of the mortgage debt due

11th Also Corr: ending with Govt Pro: No: 372-73 & R.T. 81-95 of 10th July 1896 on the subject

by him, and that for the Sum of Rs. 8000 paid by him in part payment and for the difference between the cost of the houses and the 75 per cent of Such cost advanced to him on mort-gage, the houses on the north may be left to him. This request is unreasonable and cannot be complied with

2. The Petitioner has failed to pay Rs. 4000 due on 30th June 1898 as the 3d instal-ment, and his offer is to Surrender a portion of the mortgaged property in liquidation of the balance of mortgage debt. This balance (after de-ducting Rs. 8,000, the 1st and 2d instalments paid by him) now amounts to Rs. 52,000. and it carries interest at 4 per cent per annum from 1st July 1898

3. The Dy Commr will at once send for Sowcar Viranna

and

and explain to him that the Govt do not wish to purchase the houses in the manner proposed by him, but that they are willing to allow the houses to be sold at once by public auction before the Dy Commr or an officer deputed by him, and to credit the prices realized at such auction towards the liquidation of the debt. If the entire debt and interest be realized by selling only some of the houses, the other houses will not, of course, be brought to sale but will be restored to him free of all encumbrances

4 The Dy Commr is requested to give immediate effect to the above order.

5. The Dy Commr should take care that by the auction as above, the full amount of the mortgage debt is

realized. With this object he will be authorized to bid on behalf of the Govt for each group of houses, up to a limit to be hereafter fixed. He is requested to submit confidentially his recommendations as to the maximum price the Govt may reasonably offer for each group, together with an accurate map shewing the streets and houses and adjoining lands included in the mortgage.

6. It must be distinctly understood that the object of the Govt in directing the sale as above is to realize the mortgage debt and not to acquire the houses. Viranna has abandoned the enterprize, and if immediate steps are not taken to dispose of the property, its value will rapidly deteriorate.

Viviana surrenders the property to Govt on his own valuation. The Govt cannot take the property on his valuation but agrees to foreclose the mortgage by means of an auction Sale as above. If, at the auction, the property Sells for more than the mortgage debt, the Govt need not step in to buy any portion of it, and any balance of the price realized, after paying therefrom the mortgage debt, should be paid to Viviana. On the other hand, any portion of the mortgage debt not realized by the Sale of the whole of the property, should be reserved for Separate adjustment between the Govt & Viviana.

Read Govt Ro. no. 2122 R.7.81-95 dated 12th September 1898. regarding the foreclosure of Sowcar Viramma's Mortgage of Mysore Weaver Lins

Order:—

The attention of the Dy Commr is drawn to the above Proc. ~~of Govt No 2122 dt 12th Sept 1898 in R781-95 re the foreclosure of Sowcar Cobick Viramma's mortgage of the Weavers Lines constructed by him at Nanjan~~; and he is requested to report what action he has taken to carry out the above order regarding the recovery of the debt due from Sowcar Viramma.

at a very early date

2. It is noted that the Plague Department has rented from the Sowcar 36 of these huts at ~~[illegible]~~ one rupee and a half per hut per month, for as long a period as Govt may require.

3. If Vivanna has abandoned the weaving enterprise, the value of the huts, as security for the Govt mortgage debt, will rapidly deteriorate. Hence the necessity for early action to realize the debt. Pending action by means of the auction already ordered, the Dy Commr should have the property duly taken care of, should prevent doors &ca or materials on site being stolen, and should get Vivanna to employ the necessary number of watchmen to guard the property and to maintain the same in due repair He may be permitted to utilize any rents realized by him for paying watchmen, for repairs &ca. Rents not Souti-lized should be handed over to the Govt and credited towards the instalments in arrear.

ABSTRACT

The petitioners state that they weave clothes after Salem pattern, that the late Highness Sri Chamarajendra Udayar patronised them very much that now they are without patronage that the Sowcar Veeranna who brought them from Salem, has left them without help, that they are now bereft of all help, and are in a destitute state.

Pray that all the clothes required by the Government may be bought of them

OFFICE OF THE Deputy Commr
MYSORE DISTRICT,
Dated 30th November 1898

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

Adverting to Government Proceedings, as per margin, regarding the foreclosure of Sowcar Viranna's mortgage of Mysore Weaver Lines, I have the honor to state that the Lines consist as will be seen from the accompanying map, of 165 houses of which 124 have roofs and the remaining 41 are without roofs. There are besides these, 3 shops which are also roofless.

× No. 2122 dated 12th September 1898. R.F. 81-95
No. 2788-9 dated 5th October 1898. R.F. 81-95

2. Out of the 124 houses in good order, 34 are occupied by weavers and 3 by other classes and the formers are carrying on their industry with 70 looms. Seven houses are used by stipendiary boys (30 in number) for learning the industry and the boys keep 14 machines of which 12 are at work.

3. The Plague Department has rented 86 houses from the Sowcar at 1½ Rupee each per month

and

and a few of these are now in the occupation of the weavers who will vacate the same whenever required for use by that Department.

4. All the houses (roofed and unroofed) except those occupied together with the available materials on site, have been taken charge of and arrangements made for their being duly taken care of by the Police on plague duty at the Lines. The rent payable to Viranna by the Plague Department will be utilized for repairing the buildings and for paying watchmen employed to guard the property, the unutilized balance being credited to Government towards the instalment in arrear. Viranna says that he receives no rent for any of the houses referred to in para 2.

5. The sale of the houses by public auction will not at present be attended with satisfactory results as owing to the isolated situation of the Lines, proper prices are not likely to be realized at the auction.

6. The average value of each completed house may roughly be estimated at Rupees 250/- and that of each incomplete house at ~~Rs~~. 80/-

the

the 3 shops together being worth about ~~Rs.~~ 120/-. This gives Rupees 34,400/- as the total value of all the buildings and ~~Rs.~~ 2,000/- will have to be added to it on account of the value of the materials on site There with the sites and grounds attached to the Lines and which latter must have been acquired at a large cost may, I think, be regarded as sufficient security for the debt due to Government by the Sowcar. There is every prospect of the Lines becoming attractive as the town is further extended in that direction -

X Grd we may Grant this free

This is in the uncertain future

7. Viranna whose statement is herewith submitted has no doubt spent large sums of money in making advances to weavers and in the purchase of looms &c.. Owing to his present straitened circumstances, he is unable to keep up to the full extent the industry started by him and at the same time continue to pay the instalments due by him to Government. He therefore prays that two blocks of houses may graciously be left to him and the rest of the property taken over in full liquidation of the mortgage debt. This he says, will enable him to

to maintain the weaving industry to some extent and recover as far as possible the advances made by him to the weavers and for the purchase of looms &c.

8. The Sowcar's case being a hard one, I beg respectfully to recommend that in consideration of his having already paid Rs. 8,000/- towards the liquidation of his debt and incurred heavy expenses in endeavouring to establish the industry, he may kindly be granted one block (marked No. I on the map) consisting of nine houses and the rest of the property accepted in full discharge of his debt. Should the Government however be pleased to think that this concession cannot be granted, the entire property may be taken over and Viranna relieved of all liability in connection with the debt in which case payment of rent to him by the Plague Department will be stopped on receipt of the final orders of Government in the matter.

9. The petition of Viranna received with the Government order No. 2122 R.F. 81-95 dated 12-September

12th. September 1898 is herewith returned.

this property in full discharge of the debt of Rs: 52,000, the Govt will be granting the Sowcar the very large remission of Rs: 15,600, besides forgoing the whole of the interest on the amount advanced to him - The Sowcar's prayer for a still further Concession in the shape of giving him 1/4 of the houses is most unreasonable and cannot be granted.

When the Dewan was at Mysore recently, Veeranna was offered, in the presence of the Deputy Commissioner, full value of what the property actually Cost him according to his own accounts, but Veeranna pleaded he was unable to produce any accounts.

It is probable that

Veeranna

Veeranna has suffered some loss, owing to his inability to recover the advances he made to the Weavers he imported from time to time; but he cannot look to the Government for recouping him for this loss. nor can he be allowed to transfer to the Govt a portion only of the mortgaged property, at a valuation far above its original cost to him as well as above its present value in the market.

Under such circumstances the Govt direct that the entire property, including the houses and shops (both roofed and unroofed), materials at site, and the whole of the land belonging to the Weavers lines, be taken over

The unroofed houses and shops should have thatched roofs put upon them, and the repairs necessary to the whole of the buildings should be at once carried out.

The blocks required for purposes of the Plague Administration should be set apart for that purpose. The Dy Commr. will, in his discretion allow present tenants to continue on reasonable rents. Any other blocks should

should be leased for monthly rents to persons wishing to occupy them, taking due precaution against the possible importation of infection by such tenants.

All transactions should be entered in a separate account, "Byculla Weaver Lines". The rents from the Plague Dept^te and from private tenants should be separately credited to this account. READ

Letter No. 499, dated 30th November 1898, from the Deputy Commissioner, Mysore district, submitting, with reference to Government Proceedings Nos. 2122—R. F. 81-95 and 2788-9—R. F. 81-95, dated 12th September and 5th October 1898, respectively, information regarding the foreclosure of Saucar Veeranna's mortgage of the Mysore Weaver Lines with a valuation thereof, and recommending the grant of one block, consisting of 9 houses, to Veeranna, the rest of the property being accepted in full discharge of his debt to Government.

No. 4968-9—R. F. 81-95, DATED BANGALORE, 23RD JANUARY 1899.

ORDER THEREON.—The property mortgaged to Government by Saucar Veeranna is estimated by the Deputy Commissioner at Rs. 36,400 as follows:—

	Rs.
165 houses and 3 shops (some of which have not yet been roofed in) ...	34,400
Building materials at site	2,000
Total	36,400

The above estimate does not include the land which was a free grant from the Government for the purpose of the weaving industry. The balance of Saucar Veeranna's mortgage debt is Rs. 52,000, together with interest from 1st July 1898.

The Deputy Commissioner reports that the mortgaged property if sold by public auction is not likely to realize the balance due to Government, and Saucar Veeranna himself begs that the property may not be sold but that the Government may be pleased to cancel the entire debt, taking over in liquidation thereof the whole of the mortgaged property, with the exception of 17 houses which he prays may be given him, or without any such exception should the Government decline to give him the 17 houses he asks for.

In the opinion of the Government the Deputy Commissioner's valuation of the property at Rs. 36,400 is a very liberal one. By accepting this property in full discharge of the debt of Rs. 52,000, the Government will be granting the Saucar the very large remission of Rs. 15,600, besides foregoing the whole of the interest on the amount advanced to him. The Saucar's prayer for a still further concession, in the shape of giving him 17 of the houses, is most unreasonable and cannot be granted.

When the Dewan was at Mysore recently, Veeranna was offered, in the presence of the Deputy Commissioner, full value of what the property actually cost him according to his own accounts, but Veeranna pleaded he was unable to produce any accounts.

It is probable that Veeranna has suffered some loss, owing to his inability to recover the advances he made to the weavers he imported from time to time; but he cannot look to the Government for recouping him for this loss nor can he be allowed to transfer to the Government a portion only of the mortgaged property, at a valuation far above its original cost to him as well as above its present value in the market.

Under such circumstances the Government direct that the entire property, including the houses and shops (both roofed and unroofed), materials at site, and the whole of the land belonging to the weaver lines, be taken over in full dis-

charge of the debt due by Veeranna. The Deputy Commissioner will at once obtain a proper conveyance of the entire property to the Government and cause the same to be duly registered.

The unroofed houses and shops should have thatched roofs put upon them, and the repairs necessary to the whole of the buildings should be at once carried out.

The blocks required for purposes of the Plague administration should be set apart for that purpose. The Deputy Commissioner will, in his discretion, allow present tenants to continue on reasonable rents. Other blocks should be leased for monthly rents to persons wishing to occupy them, taking due precaution against the possible importation of infection by such tenants.

10 All transactions should be entered in a separate account, "Mysore Weaver Lines." The rents from the Plague Department and from private tenants should be separately credited to this account. It should be charged with Rs. 52,000, the price paid for the property, and with any sums expended in the repair and improvements above directed. Proper care-takers should be employed and their pay should be charged to this account.

The Government will be prepared to dispose of the entire property by blocks, should there arise a demand for it. The Deputy Commissioner is requested to bear this especially in mind and not to miss suitable oppurtunities for sale of the property in convenient blocks.

SIR,,

With reference to para 8 of Government Proceedings
No. 4968-9 / R.781-95 dated 23rd January 1899, I have the
honor to forward herewith two alternative Esti-
-mates for Rs 16,600/- and 9770 respectively for
roofing the incomplete houses in the Weaver
lines at Mysore with tiles or thatch The Deputy
Commissioner is of opinion that it would be better
to have the houses roofed with tiles if the
Government consider it necessary to roof the
buildings which have already cost Rs 52,000
or more The Assistant Engineer on Plague
duty

duly who has prepared the Estimates also Considers that tiling would be better as thatching though cheaper at starting is liable to decay and it is moreover difficult to get thatch in such large quantities at present.

It has however since been arranged to give the work of roofing all the houses with tiles on contract to Nagappa son of Sowcar Veeramma who has agreed to do the work for Rs 10,000/- in addition to the free grant of materials at site the cost of which is estimated at Rs 2000/-. The Deputy Commissioner has been asked to see whether a further reduction is not feasible and I expect his reply in a few days.

In the meantime the Superintending Engineer, Sanitary Circle, having solicited early orders for the completion of the work, I have the honor to request the favor of your obtaining the sanction of Government to a lump sum Expenditure of Rs 12,000/- (including the value of the materials) being incurred in connection with the roofing of the houses referred to the

Sir

With reference to your docket
No 7776/R 2629 of the 1st May 1900, regarding
the Weavers Cries in Mysore, I beg to
state as follows:-

(1) There are 165 houses. Twenty-five
of them have been rented to Sankar.
Vasramma at a rupee a month each.
But he has not been paying the rent
regularly and pleads inability to do
so on the ground that his Weavers have
not been finding sufficient work
The remaining houses are empty
none having offered to take them up.

(2) The Vice President says that the
houses were offered for sale, but that
none came forward to buy any of
them. It seems that an attempt

was

was made to locate the peon police men there, but that the proposal was given up on the ground that the houses were unsuitable to them.

(3) With regard to the query as to why the pay of the toty and sweepers required to take care of the said houses should not be paid out of the Municipal funds, the Vice President says that there is no reason to throw the charge on the Municipal funds as the buildings do not belong to the Municipality and I agree with him.—

proposed Establishment of the Municipality, as the buildings do not belong to it. In this connection the attention of the Deputy Commr. will be drawn to the order conveyed in Govt. Prov. No. 4968-9 dated the 27-8-81-95 January 1899, that the rent payable by the occupants of the buildings should go towards the cost of employing proper Caretakers. Caretakers. As regards rent, Veeranna's excuse for not paying it cannot be accepted. The rent due by him should be recovered regularly and should be his men evicted in case

of non-payment. The further expenditure of Govt money as proposed by the Deputy Comrs cannot be sanctioned.

The Deputy Comrs is requested to submit for the orders of Govt a report regarding the amount of rent till now levied from the Plague Depts etc.

SIR,

With reference to Government Proceedings no 8346 / R.T. 81-95 dated 25th May 1900; inviting attention to the order conveyed in Government Proceedings no 4968-9 / R.T. 81-95-- dated 23rd January 1899, that the rent payable by the occupants of the Weavers' lines, should go towards the cost of employing proper care-takers and directing to submit a report regarding the amount of rent till now levied from the Plague Department &c; I have the honor to state that up to end of June 1900, the amount of rent realized by the occupation of Palace Servants and other Citizens during the time of plague, was ~~Rs~~ 370-2-11 and that recovered from Sahukar Veeramah was

was Rs 332-14-6 or in all Rs 703-1-5;
Of this only a Sum of Rs 53-11-3 was
spent for employing a Mutsaddi to
collect the rent and Rs 4-0-0 for purchase
of locks &c:

From the Plague Depart-
-ment no rent was levied as that Depart-
-ment employed several hands as watch-
-ers, cleaners &c: and also incurred
Rs 422-2-0 for white washing and floor-
-ing the houses.

Rs 321-1-6 is still due from
Sahukar Venkamah on account of rent
and the Same will be recovered from
him without delay. The cost of the hands
to be employed as Care-takers, will
be met from the rent of those buildings.
